Realizing Inner and Outer are ONE!

July 12-18, 2009

A week Intensive with **Rowena Pattee Kryder**

author of *Vibrational Healing Cards*,

Co-Creation Code Deck and *Gaia Matrix Oracle*

"Your art and your teachings require a disciplined focus, a willingness to absorb the exquisite imagery and do alchemical work of diving into the subconscious, swimming fearlessly like mer-folk and BECOMING the oceanic reality of multi-cellular life on Earth, before resurfacing alchemically transfigured....Each time I re-emerge from my "dives" via your teachings, I've retrieved more pearls of wisdom and feel more of Indra's Net of universal Selfhood that we embodied humans each and all express, and yet may fear glimpsing until we realize it's who and what we are."

—Bruce P Grether, participant in Rowena's workshops
